iSystems

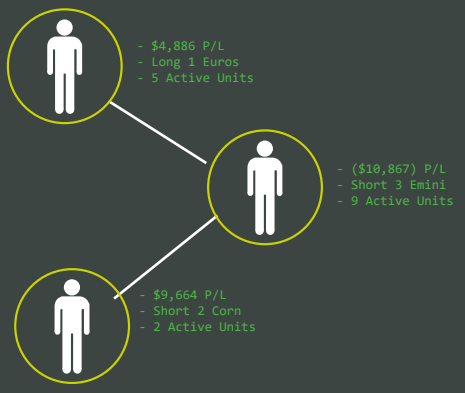
Why isystems?



Find out how **thousands of traders** from the **U.S. to Europe** have **revolutionized** their trading **with iSystems**

Automated, algorithmic trading **hands-free platform**

Access over 850+ professionally-developed algos -- like an Algo App store

Algos sync directly to **your account** automatically -- **start & stop any time**

"…algorithms are dominating...**It's truly a 'Terminator' market."**

– Mark Cuban

Why Algorithmic Trading?

- NO Emotions
- Real Money Fills
- Fully Automated
- Forward Tested
- Diversified
- Back Tested

Trading futures, options on futures and retail off-exchange foreign currency transactions involves substantial risk of loss and is not suitable for all investors.

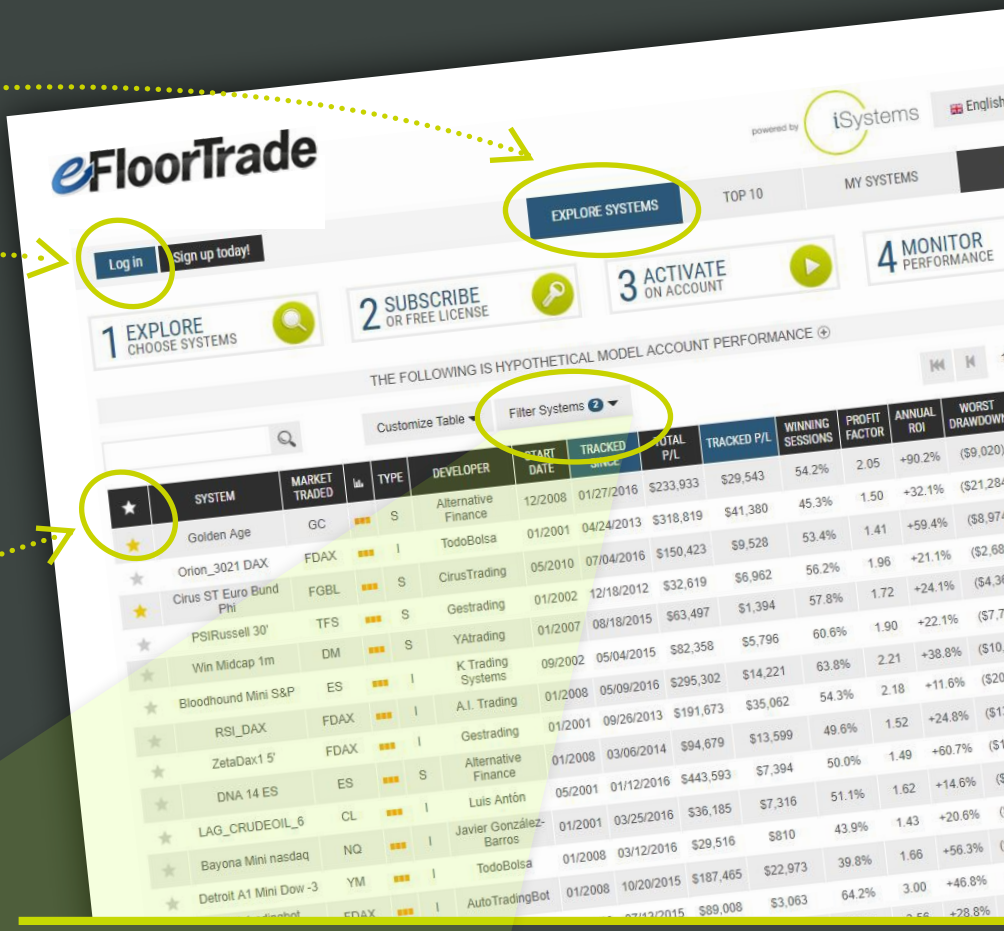
iSystems

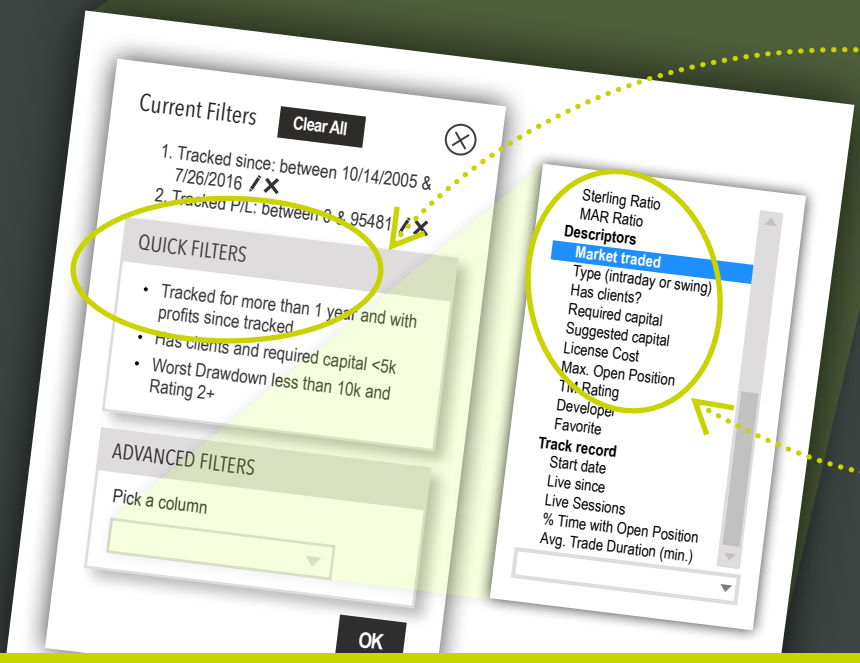
Finding **Top Systems**

Browse all systems, Top 10 tables, & your active systems

Once a client is sent a **user ID** & **password**, they are **LIVE** on the platform, **they don't even need an account number**

The **customizable** performance table **lists and sorts** systems across P&L, required capital, ranking, & **dozens of additional factors**





Use **quick filters** to find **top systems**

Build your own **advanced filter logic** across **dozens** of metrics

Trading futures, options on futures and retail off-exchange foreign currency transactions involves substantial risk of loss and is not suitable for all investors.

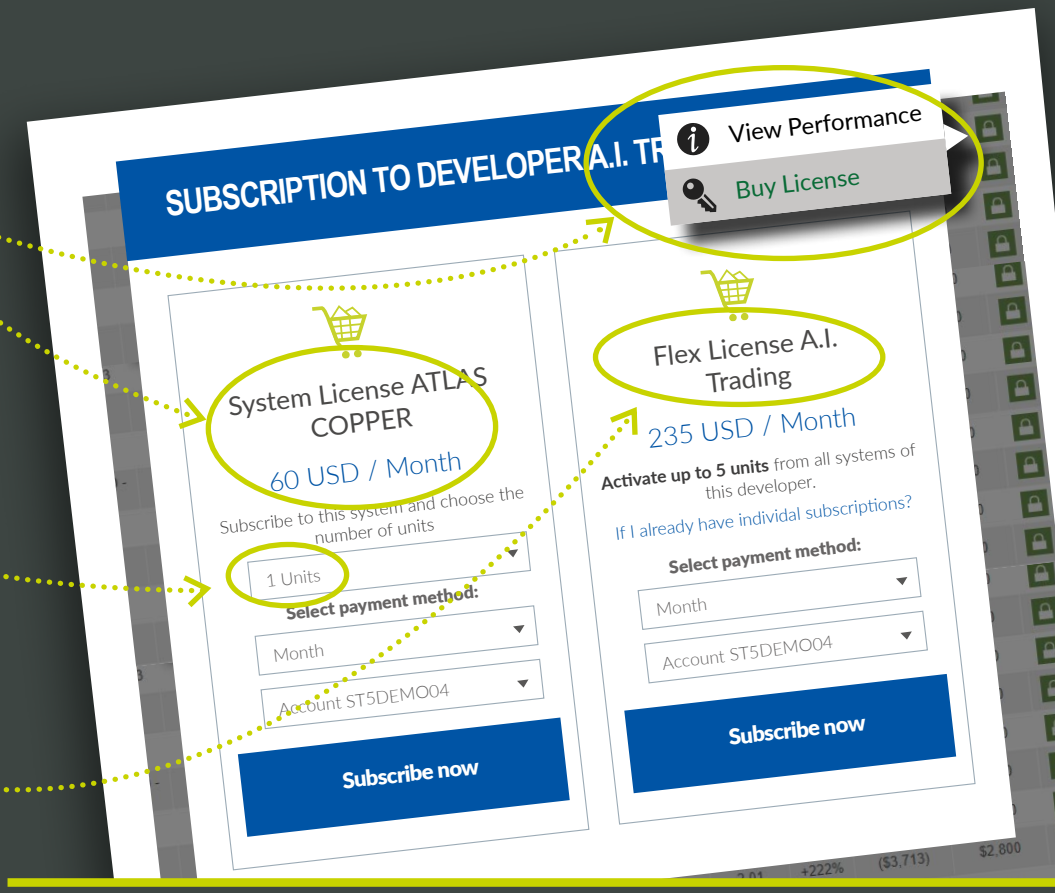
iSystems

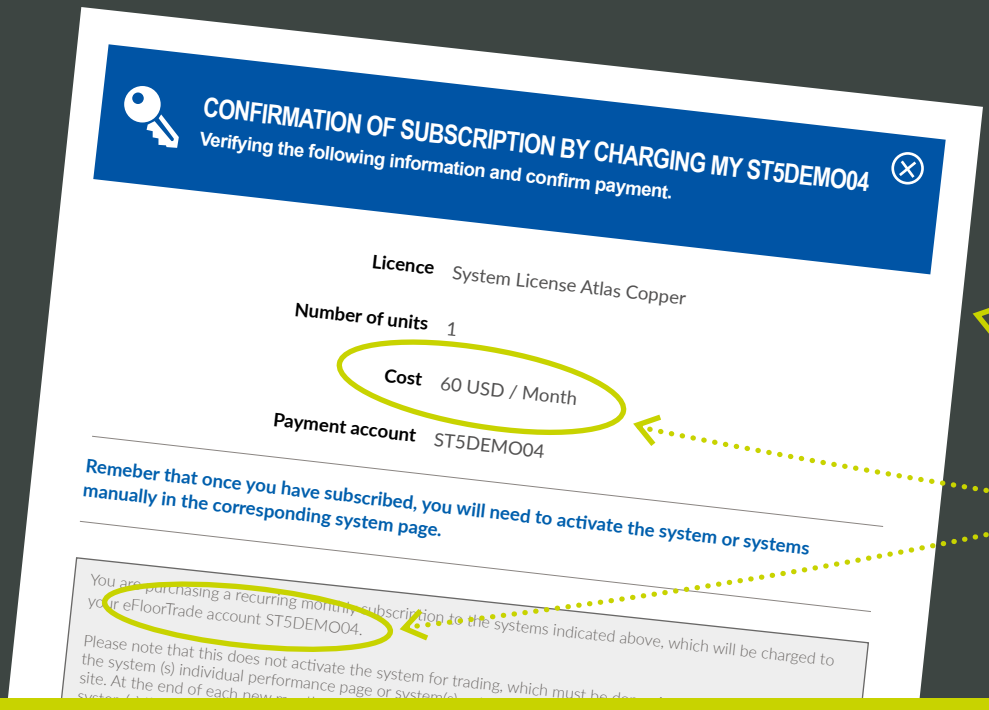
License **a system!**

Clients **license the rights** to system signals **paying a monthly 'license fee'**

Select how many units of the system, typically, **1 unit = 1 contract / signal**

Flex license **allows for discount fees** across all developers systems





All actions made by the client **require a confirmation**

This cost is deducted from the clients account at the **beginning of each month**, for trading that month, **& prorated in the 1st month activated**

Trading futures, options on futures and retail off-exchange foreign currency transactions involves substantial risk of loss and is not suitable for all investors.

iSystems

Activating **the system**

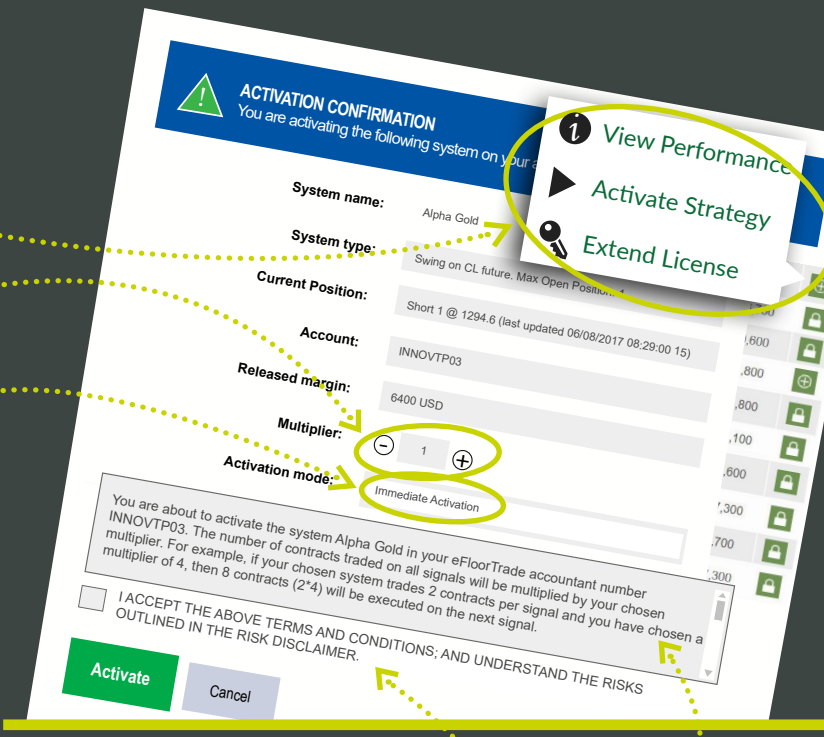
Once client has the license rights to a system, **the next step is to activate** the system for their account

Set **how many contracts** should be traded per signal

Activation mode:

- Immediately Activation
- Immediate if better
- On Next Signal
- On Next Session

Clients can **choose different activation options** depending on whether the system **is currently in a trade** and where the market is in relation to its **latest entry price**



All activations on the platform require a **'double check'** of the action and disclosures **before proceeding**

Subject: System Stopped: BattleQuant Ascender ES

eFloorTrade iSystems

The following system has been DEACTIVATED for your account **21237639** due to insufficient funds to cover the required minimum balance across the system(s) active for your account on the iSystems (by TradingMotion) platform:

System Name	BattleQuant Ascender
Developer	BattleQuant
Market	ES - E-mini S&P Future
System Type	Intraday
Multiplier	1
Deactivation Mode	**Stop Immediately**
Balance before de-activation	-53 USD
Margin released	**2900**
Ticket #	**178890**

This system was selected for deactivation following the risk control procedure specified at the time of activation, and included in the iSystems (by TradingMotion) User Agreement:

"At the start of each trading session, we will verify if your account balance covers all the required minimums for your chosen system(s). If the balance is below what is required, the platform will automatically deactivate systems until the balance meets the required minimum. The priority for systems being deactivated will be those systems with no open positions first, sorted by most recently activated to least recently activated (longest active), and then those systems with open positions, sorted in the same manner."

You may re-activate this system at https://efloortrade.isystems.com, after either adding funds to your account and/or de-activating other systems currently active for your account.

Please contact us at 123-456-7890 support or email customerservice@efloortrade.net with any questions or for help navigating the platform.
